

Shipping Policy

Shipping

Shipping of in stock goods will take place within 2-3 business days of order placement. Goods that are out of stock or backordered will be fulfilled in a first come, first serve basis. Borden Accuracy uses all major shipping companies for shipping of goods. Firearms, ammunition, primers, and firearm repairs will only ship via UPS or Fedex due to shipping regulations. USPS will be used for small parts and products that fit within the Priority Mail Flat Rate boxes.
